SAFETY TRAINING

Company Name: Sokol Blosser Winery
Contact Person: Luis Hernandez
Training Date: July 25, 2001
Topic: Worker Protection Standard – Pesticide Safety
Instructor: Roberto Varona, Oregon Human Development Corporation,
AmeriCorps Program

Discussed with workers the following topics:

- General safety measures.
- Definition of pesticides, usage.
- Routes of entry, signs and symptoms.
- Pesticide hazards.
- How to protect self and family from pesticides.
- Food and pesticides.
- Proper work clothing, personal protective equipment.
- Care of work clothing.
- Hand washing, first aid and emergency care.
- Restricted-Entry Intervals (REI's)
- Employer/Employee responsibilities.
- Material data safety sheets (MSDS) and Levels, definition and usage.

"Steps to Protect Yourself from Pesticides" (Spanish) and "¡Cuidado con los Pesticidas!" pamphlets given to employees. Question and answer section held with participating employees during and after verbal presentation.

Workers Trained: See enclosed list.

Please call me if you have any questions.

Thank you,
